VOL. 102, NO. 22 | CAMERON, MILAM COUNTY TEXAS, THURSDAY, AUGUST 24, 1961 | 12 PAGES TODAY

Six Minor Fires Bring Warning On New Outbreak

Budget Hearing Aug. 31

County Estimates $554,000 Outline Same Tax Rate

A proposed $554,000 county budget, about $5,000 less than the 1960 - 61 outline, will be considered by County Commissioners Court in a public hearing 10 a.m. Thursday, August 31.

It was based on the same 95-cent per $100 valuation of the present budget, County Judge Don G. Humble said.

Estimated serviceable valuation of Milam County is $31 millions with no bonded indebtedness. Net securities value held by the County is $69,975.

Par value of securities held by the County in road, city and school districts totals $80,900, as of December 31, 1960. Only indebtedness shown at that date is $10,925 in time warrants for Road and Bridge Fund No. 4.

GENERAL FUND ITEMS

Biggest budget item in the new budget estimate is the general fund receipts of $149,470 over estimated disbursements of $87,115. Receipts in the 1960 budget year were $136,498.22 and disbursements were $138,117.72.

Next largest budget item is the general road and bridge fund, estimated at $130,700 and anticipated disbursements of $130,000. Actual receipts during the 1960 budget year were $132,996.19 and disbursements were $131,343.01.

In the four commissioner precincts, budget estimates, all the same as the current year, are:

PRECINCT 1 (Buckholts) -- C. S. Raney, $45,286.
PRECINCT 2 (Cameron) -- L. C. McKinney, $75,810.
PRECINCT 3 (Rockdale) -- Byron Neal, $73,310.
PRECINCT 4 (Thorndale) -- R. H. McCasland, $53,294.

By precinct, 60 per cent of the road and bridge fund goes to Precinct 2 and 3, centered by Cameron and Rockdale. Precinct 1 draws 18 per cent of the total while Precinct 4 gets 22 per cent.

Third largest segment of the proposed budget is the $70,500 officers fund based on fees in county offices and $6,500 in state funds

In 1960, the officers fund received $33,713.27 from the general fund to meet salary requirements The officers fund in other counties requires transfer of funds to meet requirements, Judge Humble said.

Officers fund disbursements are estimated to be $98,023.73 in the new fiscal year. This total includes salaries for elected officials, their administrative staffs and office expenses.

OTHER FUND ITEMS

Other budget items are: jury fund, $11,200 with disbursements estimated to be $9,650 (increase over the 1960 total of $5,764.29); $15,500 (reduction from the $24-340.42 total in 1960, Disbursements in 1961 - 62 are expected to be halved in comparison to the 1960 outlays. Total disbursements estimated are $13,495 (decreased from $27,688.42 in 1960).

Included in the general fund disbursement proposal were such major items as: surplus foods distribution, $9,000 ($9,862.80 in 1960); county home, $7,000 ($5,413.34 last year); Milam County Health Unit, $14,400 ($7,998.17 last year); other salaries chargeable to general fund $10,500 ($21,603.85 last year.)

Paid out of the general fund last year was a loan and interest totaling $30,260.

NEW LOOK FOR 11TH -- Alvin Meyer, a resident of 11th Street, points out the new curbing and paving which has been completed by joint efforts of the city and the residents of the street. This four block strip is part of some 40 blocks which have been paved and curbed in the past two years in Cameron's Street paving program.

-- Staffoto

This Is 102

By FML

ONE WAS OVERLOOKED

While thumbing through the Census Bureau's Texas Population Report, we noticed an insignificant, but interesting oversight. It perhaps tells just how much Milam County is in the midst of things.

There are four census divisions that have common boundaries in the vicinity of Milam County. But Milam does not appear in the Bureau's maps of any four of the districts.

Of course our census was completed last fall. Somehow, we didn't make the maps.

102 - 102 - 102

TYPOGRAPHICAL ERRORS

James Thurber, the humorist-cartoonist, is an avid hunter of typographical boners, the plague of newspapers. He culled this one:

"Among the first to enter the plane was Clara Adams of Tannersville, Pa., lone woman passenger. Slowly her nose turned around to face a southwesterly direction. Then, like some strange beast, she crawled along the grass."

PHOTOGRAPHERS BEWARE

One more newspaper pun and we're through:

"Overheard at a press club: He's the kind of editor who expects his photographer to get both the start and finish of a 100-yard dash."

102 - 102 - 102

There was a difference of opinion raised by stories in the Waco-News - Tribune about Milam County's Civil Defense preparedness. The tone was that we were prepared in a story Monday, featuring a heading: "Cameron Prepared For Attack."

But a story Wednesday quoted a letter from a Cameron physician, Dr. David Shapiro, who questioned the county's preparedness in the light of a heavy influx of people from a Central Texas attack area.

Milam County is working toward this preparedness, more than other essentially rural counties. But regardless of the state of preparedness, Milam or any other county would have tremendous problems absorbing and meeting the needs of tens of thousands of people in the event of attack.

The main point is that preparedness is being discussed and planned. It is not to be presumed that plans are letter perfect nor Milam's citizenry totally prepared. No other county is. A Houston newspaper took their 10 - year - old civil defense program to task a few weeks ago. And certainly Houston is a potential target area, not an evacuation point.

Booklets on what can be done by individuals under attack circumstances are available at the County Judge's office.

Excerpts: Letters From Germany

A New Life For Ann

There is a stream of letters reaching Cameron these days that describe a teenager's delight with the sights and sounds of Western Europe.

Author of these reports is 16 - year - old Ann Bowman, exchange student in West Germany for the coming year, who has been studying the German language and visiting with her new "parents" since late July.

Her counterpart in Cameron, Dagmar von Schoeler, of Augsburg, is adjusting to her new life with Ann's parents, Dr. and Mrs. George Bowman and the five other Bowman children.

The two youngsters literally exchanged homes for the year under the auspices of the International Christian Youth Exchange.

EXUBERANT REPORTS

Thus far, Ann's letters have that "once - in - lifetime" perspective of a young lady's first view of foreign countries. It is a welcome departure from the grim reports of developments in West Berlin.

After a recent visit to the Neuhaus, Bavaria, summer home of the Von Scholelers, Ann's description is exuberant:

"Wonderful! wonderful! Everyone is so wonderful and everything is so beautiful. We left Duren and traveled along the Rhine River to Worms. It was beautiful. After arriving in Worms, we went to see a famous cathedral -- built in the 12th century, I believe ..... Sunday morning we left Worms for Neuhaus -- on the autobahn. It was much faster, but not nearly as quaint. About 2:30 we were in Bayern (Baveria) and at 4 we arrived on the Schliersee. It is so beautiful -- a lake in the valley-surrounded by mountains covered with evergreens."

"And the homes -- just like fairyland homes -- so colorful -- with the flowers hanging from the windows. And the people ..... are so wonderful - also like a picture -- with "Lederhose", leather shorts and all ....."

FUN OVERFLOWING

Later, she described her new family life: "This home is overflowing with life and fun. There are three families here now -- all brothers and sisters ..... I'll have to admit that we've spoken some English, but everyone here has been my personal tutor. Even the little ones help. However, the afternoon's celebration really confused me. Some spoke Dutch, German English, French, Italian and a little Spanish. Whew, Dagi, I hope you're having as much fun and learning as much as I am -- and I hope you are having no trouble with our "Texas accent."

In earlier letters, Ann described her plane trip to Zeist, Netherlands where she took an orientation course, then going to a language academy at Altenkirchen, Germany, and meeting Dagmar. (She later boarded a plane for New York where she was met by the Bowmans.)

On the trip over, Ann's plane flew over Dublin, Ireland, after a fuel stop in Newfoundland the previous night.

In an August 9 letter, written in Duren, Germany, young Ann tells of her first meeting with Dagmar's mother, Mrs. Von Schoeler:

LEARNING THE LANGUAGE

"I have met Mutti (Mother) and just love her. We have worked out a neat system for my learning German. First she speaks in German, then repeats in English. This is fun.

"Leaving everyone this morning was just like leaving home a second time. We have decided to have a reunion for all of us --in Cameron -- two summers from now. Hope you agree."

The only reminder of less happy events in East Berlin was a note about her orienation at Zeist. She mentioned group discussions on the Berlin crisis, prejudices and Christian beliefs.

And Dagi's mother mentioned in a recent letter that there is concern over Berlin developments in Augsburg, the Von Schoelers' home city in South Germany.

But Ann Bowman is finding her first weeks a happy adventure of meeting her new family and friends an experience Dagmar Von Schoeler shares as well.

Chamber Directors Endorse Watershed Proposal Due Vote

The Cameron Chamber board of directors last week adopted a Creek Watershed proposal to be voted September 23.

Property owners in the Watershed that extends northwesterly from Cameron to an area north of Troy will vote on a proposed 25 - cent per $100 valuation in the $100.000 bond issue election.

The resolution approved by the Chamber directors said: "We, the directors of the Cameron Chamber of Commerce endorse the project of the Elm Creek Watershed to control the flow of water and conserve the soil of the Watershed and that we will give it our full support in the coming election of September 23.

Budget Hearing Due

Architect Hired

The Cameron School Board last Thursday employed a Fort Worth architect to draw plans for a four-classroom wing at O. J. Thomas and called for a public hearing on the 1961 - 62 school budget.

Preston M. Geren, Fort Worth architect, will draw up plans for additional classrooms at O. J. Thomas School, Supt. Charles Zeigler announced.

He said estimates by the architect on the cost of the structure would exceed the $30,000 estimate made earlier in considering the building program.

Last week, cards went out to all property owners in the Cameron School District, notifying them of a blanket 10 per cent increase in district valuations.

The District's equalization board, Robert Weems, Frank Tomek and Buster Griffin, has been authorized by the Cameron Board to begin continuous meetings on valuations of District property.

The annual public budget hearing is scheduled for 8 p. m. Tuesday at the superintendent's office of Ben Milam School. The school budget this year is about $450,000.

In other School Board business, Mrs. Wanda Adams, wife of new Asst. - Supt. R. T. Adams, has been employed as a language arts teacher for Ada Henderson School.

And the Board named First National Bank, of Cameron, school depository for the next two years.

FIVE CHARGED AFTER ROBBERY OF SHARP STORE

The Nelson Davis Store in Sharp was robbed of about $500 in groceries and dry goods last Wednesday night (August 16). It is a story with a peculiar twist of fate.

Sheriff Carl Black has charged five suspects in the case. They are: Joe A. Mata and his wife, Mrs. Mary Ann Mata, Phil Lopez, George Joseph Mata and Martin Rios, all of Waco.

The Milam sheriff was called by Davis' brother - in - law, who runs the store, after the group had been there to get some gas.

Ironically, it was Davis who took them to the store Thursday morning. About 6 a. m. he stopped and picked up several of the group when he saw their car stalled along the road. This was before Davis knew his store had been robbed.

He then drove the people back to their car.

Sheriff Black said the group had apparently run out of the gas the night before. Black drove to the car where he questioned the group just after Davis had helped them start it.

Black let the group go, but followed them to a house where they started to stash away merchandise with them. After he arrested the quintet, they led him to a pasture where the rest of the stuff, a pickupful, was hidden.

The sheriff said Mrs. Mata was out on $1,000 bail, but the four men are in Milam County Jail.

Agent To Show Defoliation Test

A cotton defoliation demonstration has been set up and the results will be shown 8:30 a. m. Tuesday on the Joe P. Mueck farm, south of Cameron.

County Agent J. D. Moore said a number of new materials were used in setting up the demonstration last Tuesday.

MINOR DAMAGE OCCURS DURING WEEK OF CALLS

Cameron Fire Marshall John Eanes advised Cameronites to clean up their lots and check their homes after the fire department answered six alarms in the past week.

A fire Monday night gutted a 1950 Studebaker on the Armstrong Used car lot. A fire last Wednesday was caused by a short in a neon sign at Berniece's Dress Shop. It did minor damage.

The department also was called to put out a grass fire on North Central Saturday afternoon and then Saturday night they answered a call when the city's fogging machine caught fire. Only minor damage was caused to the wiring.

Early Monday morning firemen had to break a glass pane in Stewart Grocery to put out a tub of smoldering aprons which had been left on a stove and had caught fire. No other damage was done.

And Tuesday afternoon the department put out a grass fire at Milam Grain Company before it could cause any damage.

Eanes stated that residents ought to cut, rake and haul off the grass and not burn it off. He said the department will make an inspection to check potential danger areas.

Also, Eanes warned residents to be sure that all fires are out in homes or businesses before leaving. He asked that these safety measures be taken so that another major fire won't occur in Cameron.

Services Friday For Gib Terry, 75, After Auto Crash

A three car collision at about 4 p. m. Wednesday Aug. 16 resulted in the death of Gilbert G. (Gib) Terry, 75, of Minerva. The wreck occured one - half mile west of Cameron at the West end of the Little River Bridge.

Terry was driving a 1950 Plymouth and traveling west when he attempted to pass a 1954 Ford driven by Ernest Thomas, of 710 W. Heffley, Terry sideswiped Thomas and collided head - on with a GMC pickup driven by Wilber Smith of Belton, who was going east.

Terry was carried to Newton Hospital with severe head injuries and other injuries. He died about 8 p. m.

The Plymouth and the pickup were total wrecks and the Thomas car suffered about $100 damage.

Terry died in the Cameron hospital August 16 of injuries received in a wreck as he was going home from an ASC committee meeting in Cameron.

A prominent official of the ASC Committee, Terry served as chairman of the county ASC Committee for 6 years and was associated with the program for 20 years. He was born April 26, 1886 in Milam County the son of the late Mr. and Mrs. James Stone Terry and had been a farmer and rancher in the Minerva Community since his youth. He was married to Miss Rosa Bailey in 1911.

Funeral services were held 10 a. m. Friday at the Phillips and Luckey Funeral Chapel in Rockdale with the Rev. A. F. Russell officiating. Burial was in Oak Hill Cemetery.

Survivors include his wife; a son, Gilbert Lester Terry of Minerva; a daughter, Mrs. Florence McLendon of Tyler; 2 brothers, Charles Terry of Cameron and Roy Terry of Rockdale; 3 sisters, Mrs. L. J. Wheeless of Covington, La., Mrs. Percy Weishuhn of Houston and Mrs. Henry Patillo of Cameron.

Pallbearers were Alva Sanders, Ted Ford, Fritz Doss, George Fisher, Fiester Scarborough and Herbert Colburn.

CHAMBER PLANS PUBLIC BAR-B-Q FOR ROAD GROUP

State highway officials, county officials and good road boosters will be guests of the Highways and Good Roads Committee of the Cameron Chamber of Commerce at a barbecue Thursday night, August 31.

The public barbecue will be at Wilson - Ledbetter park. Tickets, will be on sale at the Chamber office. Members of the Highways and Good Roads Committee will also have tickets for sale, Chamber Manager Jack DuBois said.

There will be no formal program A general disucssion of Milam highway needs, planning and allocations is anticipated by Chamber of ficials.

C. B. Thames, District Engineer for the State Highway Department with headquarters in Bryan, will be one of the guests at the barbecue. In the past he has given the Chamber a comprehensive rundown on the highway situation in Milam County and surounding area, DuBois said.

New Orders Limit Guard Enlistments

The local National Guard Unit has been alerted that effective September 1, 1961 the National Guard will not be able to enlist any non - prior service personnel whose age is 20 or over.

The message from the Chief, National Guard Bureau as directed by the Secretary of the Army, also states that the 6 months active duty for training which enlistees are required to under go has been suspended through December 31, 1961.

Captain James T. Terry, Commanding Officer of the local Guard Unit, said that applications for enlistment would continue through August 31. After that date enlistments will be restricted to individuals whose age is 17, 18 or 19 and prior service personnel.

WEATHER NOTES

Temperatures in the Cameron area ranged from a high of 95 to a low of 67 during the past week.

McGregors Display Ancient Relics

("Of Lasting Interest" is a new series by Herald staff writers about Milam Countians, their work, their hobbies, their problems. Watch for it weekly. -- Ed.)

By Robert Mann
Herald Staff Writer

MILANO — Thirty years ago Mr. and Mrs. Basil McGregor of this South Milam community, started an antique business.

Today, they display a collection of antiques and relics out of the past that is reminiscent of articles found in a good museum.

Mr. and Mrs. McGregor are both retired now and operate their antique shop more as a hobby. Numerous articles fill one complete room and occupy other available space in their home.

Mr. McGregor started collecting old dishes in the depression years of 1929 and 1930 when he was a subscription salesman for various newspapers and magazines. Over the years his interest broadened to furniture, portraits, extensive China and arrowhead collections. His arrowheads number 700.

GLASS SET FAVORITE

Mrs. McGregor's pride of the ancient collection is a matching punch bowl and pitcher made of Norwood glass. The pitcher has a copper luster and is thumbprinted around the bottom. The bowl is a deep purple with golden color designs.

Some of the older articles in the McGregor collection include an abrading stone, which is part of the arrowhead collection. The stone was dug out of the ground and at one time used by Indians for sharpening their implements. A round rock was found wrapped in part of an old Indian fishing net and it, too, is among the artifacts.

All of the arrowheads in the 700 - piece collection came from Milam County. At one time the collection numbered 1,400 articles. The most valuable among them is a deepcut arrowhead which is mounted in the center of the finest-shaped arrowheads.

COLLECTORS ITEMS

An old picture frame, surrounded with a red velvet lining and made from finely carved oak, a trunk of ornate presswood and several Bisque dolls are among the oldest and most valuable articles. The dolls stand about 15 inches high. None has ever been taken out of original box, Mrs. McGregor said.

A small handmade German clock, still in running condition, is resting in a show case near the back of the house. Mrs. McGregor said the clock was operated by a pendulum. When some repair work was done on it, the watch repairman had to employ the services of an old German watchmaker. He said the clock was one of the few of its kind in existence.

A colorful "Gone - with - the-Wind" lamp rests in the center of a display table. It is about 75 years old and valued highly by Mrs. McGregor. Sugar bowls are numerous, one among them formerly belonging to a 106 - year - old woman who had the bowl all her life.

It is difficult to estimate the value of the antiques. And the stories behind many of the pieces are just as rich. The atmosphere of these relics is enough to set one's imagination wondering: "Maybe my punchbowl or favorite chair will be a part of an antique museum someday, looked on in awe and appreciation."

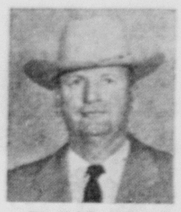
Milam County's

Farm Scene

County Agents Notes . . .

Permits For 2-4-D Not Necessary



By J. D. Moore
Milam County Agent

Permit for the use of 2-4-D as a cotton defoliant only, are not required from August 25 to November 30 in Bell, Milam and Falls Counties. The date for Williamson County is August 25 to October 15. These dates are designed in order to correspond with the pink boll worm plow - up dates, according to Charlie Chapman, Representative of the State Department of Agriculture.

Chapman met with a group in the County Agents office in Cameron Friday to discuss the measure. Those attending were V. L. Angell, President Milam County Farm Bureau, R. W. Rhoades, President Williamson County Farm Bureau, Charles Hensley, vice - president, Milam County Farm Bureau, Wilburn Beckhusen, Chairman Milam 7-Step Committee, Joe P. Mueck, Herman Mueck, S. W. McClaren, Chairman Milam County Program Building Committee, J. D. Moore, County Agent, Pat C. Garner, Assistant Agent, Charlie Chapman and Wayne Ward representing the State Department of Agriculture.

2-4-D is used by some cotton farmers a few days prior to the application of cotton defoliants in order to slow down the growth of large cotton plants.

Dealers who handle 2-4-D will continue to pay the license fee as in the past according to Chapman. There will be no charge in the regulations required by airplane applications as far as their responsibilities are concerned with wind velocity, drift hazzards, etc.

The Texas Herbicide Law was enacted in order to protect all concerned. The Pure Food and Drug Administration have not issued a ruling on the use of 2-4-D as a cotton defoliant. Cotton farmers are urged to cooperate in this trail program designed for their convenience.

4-H Club Notes

Forty Milam County 4-H members are entering 4-H Record books to compete for awards in County competition. Winners in county will send their record books to District at Stephenville, winners there will go to state.

Members submitting record books in Junior Division are: Roy Dean Tomasek - Dairy, Frankie Dean Stiles - Wildlife, Penny Graves - Leadership, Reed Davis - Sante Fe, Benny Kostrom - Swine, Author Jistel - Recreation, Melvin Hollas - Beautification of Home Grounds, Leon Hollas - Swine.

Also Margie Vansa - Safety, Nan McClaren - Beef, Dennis Jistel - Leadership, Bailey McAnulty - Tractor, Jan Parmelee - Beef, Judy Parmellee - Beef, Gerald Miemstschk - Garden, Randy Simunk - Beef, Linda Smith - Poultry.

And Harvene Sorenson - Poultry, Harry Jungmann - Agriculture, Brent Laywell - Sheep, Randy Graves - Sheep, David McClaren Dairy, Eddie Bell - Automotive, Betty Margaret Orr - Safety, Gerald Campbell - Achievement, Tim Hanke - Crops, Sharon Lucko - Clothing, Gwendolyn Jistel -Poultry, Janie, Joe, Paul and Martin Mueck - Crops.

Senior entries are: Ronnie Kostroun - Leadership, LaNell Morawcitizenship, Pat McClaren - Beef, Jo An Hollas - Leadership, Martin Jistel - Dairy, Arvell Jungmann-Santa Fe and Carolyn Jistel - Garden.

Linda Tucker To Vie For District 8 FB Crown

Miss Linda Ruth Tucker, age 16, daughter of Mr. and Mrs. Ray Tucker, Rt. 2, Cameron, will be in Lampasas August 25 to represent the Milam County Farm Bureau in the District 8 Queen Contest.

Miss Tucker was chosen Queen of the Milam County Farm Bureau from a group of eight other contestants on July 22. Miss Tucker is a junior in the C. H. Yoe High School.

The District 8 Queen Contest will be held in the Lampasas High School Auditorium 8 p. m. August 25.

Dr. Gibney Kendrick of Marlin, serves the Texas Farm Bureau as Director of District 8 which is composed of the following counties and who will have queens repreented in this contest: Bell Bosque, Coryell, Falls, Freestone, Hamilton, Lampasas, Leon, Limestone, Madison, Milam, Robertson, Travis, Williamson and McLennan.

Mrs. V. L. Angell of Milam County will head the rehearsal Committee for the District Contest. She will be assisted by Mrs. Ewell Johnson of McLennan County Rehearsal for all queens will be held at 2 p. m. the contest day.

Linda Ruth Tucker

Mrs. Payton Perry of Milam County, Mrs. Herald McFerrin of McLennan County and Mrs. Cecil McCorry of Lampasas County will assist in rehearsal.

Mrs. Clyde Glimp of Lometa, assisted by ladies of the Lampasas County Farm Bureau will make up the Stage Committee.

Members of the rehearsal committee, queen contest judges and all district 8 queen contestants will be guest of Martin's Cafe in Lampasas for the evening meal August 25.

A large delegation of Farm Bureau members of Milam County and friends of Miss Tucker will go to Lampasas to see her compete for the District 8 Crown.

Highlights Of Agricultural Act Of 1961 Reviewed

COLLEGE STATION — The Agricultural Act of 1961 is now on the books and the rush is on to explain its provisions to farmers and others, reports C. H. Bates, extension farm management specialist.

One of its major provisions, reducing the wheat surplus, will be voted on August 24. Wheat producers will vote yes or no on marketing quotas for the 1962 crop. If they vote yes, a new wheat stabilization program will become effective, including higher support price, a mandatory reduction of 10 percent in farm wheat allotments with acreage cuts up to 40 percent possible and a saving of $258 million for the nation's taxpayers.

The legislation extends the feed grain program which is now in effect and for the first time includes barley along with corn and grain sorghums. Current estimates indicate that feed grain production will be about 15 percent less than last year, says Bates.

Marketing order programs -- self-help in a true sense -- are authorized on more commodities.

The Agricultural Trade Development and Assistance Act (includes food for peace) has been extended and strengthened; expansion and improvement of supervised credit services for farmers who lack sufficient private credit and an extension of the Wool Act, the Great Plains Conservation Program and School Milk Program should have a strengthening effect on agriculture, says the specialist.

The Act also authorizes the Secretary of Agriculture to consult with the formulation of legislative proposals.

Under the Act, Bates says consumers are assured of fair and stable prices and taxpayers will benefit from savings of as much as $1 billion overall from reduced storage and support price activities.

July Bond Sales Total $32,392

"Texas Savings Bonds sales in July increased 3.1 per cent over the same month in 1960. Sales of both E & H Bonds in Milam County total $32,392 for the month, which represents 76.2 per cent of the 1961 goal for the county," according to Henry Siebman Chairman of Milam County Savings Bonds Committee.

"The Savings Bonds Committee is gratified to note the continued increase in purchase of U. S. Saving Bonds. There is nothing in this world safer than U. S. Savings Bonds, and their purchase is not only patriotic, it is sound, good business, too.

AUCTION REPORT

A total of 558 cattle, 107 hogs and 9 sheep were consigned to the Cameron Livestock Auction at the Thursday sales.

Prices paid were:

STEERS:		
Good & Choice Fed Steers & Yearlings	22.00	22.75
Common to Medium	20.00	21.50
COWS:		
Fat Cows	14.00	15.50
Canners and Cutters	10.50	14.50
Stocker Cows	14.00	19.50
BULLS	16.50	20.50
CALVES		
Good & Choice Slaughter Calves	23.50	24.75
Common and Medium Kinds	22.00	23.00

Sows (all classes) 310 to 435 lbs.	15.90	16.50
Feeders (40 - 125 lbs.)		14.10
Weaning pigs.		3.75 each.

Eight Programs Available For AF Enlistees

Eight programs for enlistment in the United States Air Force are open to qualified men and women according to Master Sergeant Howard R. Rasmussen, the Bryan Air Force Recruiter -- salesman.

Categories are nonprior service, prior service, women in the Air Force (WAF), aviation cadet, officer training, judge advocate general, nurse and medical specialist.

Men between the ages of 17 and 27 who qualify mentally and physically for the nonprior service program, will be tested to determine for which of 400 technical jobs they are best suited.

Under the prior service program, many veterans may return in grade in needed skills. Veterans not classified into needed skills may elect to retain into highly technical electronic fields.

The WAF program is open to women high school graduates between 18 and 27. They can choose from more than 30 career fields.

Applicants to the aviation cadet program must be between the ages of 19 and 26½ at time of application. They must reamain unmarried for the duration of training. Only high school graduates are accepted.

In The Service

BREMERTON, Wash. (FHTNC) Serving aboard the attack aircraft carrier USS Hancock, undergoing overhaul at the Puget Sound Naval Shipyard, Bremerton, Wash., is Dennis B. Shelton interior communications electrican third class, USN, son of Mr. and Mrs. J. T. Shelton of Rt. 1, Buckholts.

While the Hancock is receiving a $4 million face - lifting, her crew is being trained at nearby service schools, training courses, lectures and films.

The attack carrier will be equipped with improved aircraft catapults, arresting gear and a new type flight deck planking made of plywood. Its fight deck also is to be remodeled for safer and more mobile operations.

The Hancock is scheduled to return to sea in the early fall.

—

MEDITERRANEAN (FHTNC) -- Serving aboard the destroyer USS Ault which departed Norfork, Va., August 3, for a seven - month cruise with the Sixth Fleet in the Mediterranean is Charles W. Janke, radarman seaman, USN, son of Mr. and Mrs. Walter M. Janke, Sr. of Rt. 1 Buckholts.

During the cruise, crewmembers are scheduled to visit many ports in the Mediterranean area while operating with the Sixth Fleet, one of the most powerful military forces for peace in the

THD Predicts 30 Deaths For Holiday Weekend

AUSTIN — Col. Homer Garrison Jr., director of the Texas Department of Public Safety, today announced the official prediction that 30 persons in Texas will be killed in traffic accidents during the Labor Day weekend.

In making the prediction, Garrison warned motorists that records show this three - day period to be one of the most dangerous times of the year on the highways.

The highest Labor Day holiday toll since World War II was in 151 when 46 persons were killed in 33 accidents. The lowest was in 1949 – 23 killed in 19 accidents. Figures prove most fatal accidents are caused by traffic law violations.

The DPS, in an effort to focus public attention on the hazards of holiday traffic and to compile data which will be helpful in improving the state's traffic management program, will conduct "Operation Motorcide," from 12:01 a. m. Saturday, September 2 through 11:59 p. m. Monday, September 4.

During the 72 - hour period, the safety agency will tabulate all traffic deaths in the state and issue bulletins at 10 a. m., 3 p. m. and 9 p. m. each day.

"Driving is always a full - time job, and driver concentration and alertness are especially essential during holiday periods because crowded highways increase driving hazards," Garrison said.

"An all - out effort will be made by DPS enforcement personnel to remove traffic violators from the highways. The Texas Highway Patrol force will be augmented by some 150 patrolmen from the other uniformed services of the Department of Public Safety. All available radar units will be in operation.

"But law enforcement officers highways will be as safe as Texas drivers want them to be. And what they want will be reflected in the way they drive.

"This Labor Day weekend we are asking each driver to cooperate in making Texas highways safe by obeying the traffic laws and by staying alert while driving."

Garrison suggested several ways drivers can cut down the holiday traffic death toll:

1. Allow sufficient time for travel.

2. Obey the traffic laws; they are designed to facilitate smooth traffic flow and to save lives.

3. Anticipate dangerous situations. Don't depend on another driver to prevent an accident -- be prepared to do it yourself.

4. Stay alert. Anything that impairs your driving skill or distracts your attention while driving might prove fatal.

Development Relations Told

COLLEGE STATION — The Texas Agricultural Extension Service, along with other State Cooperative Extension services of the nation, has been assigned the responsibility for providing the educational and organizational leadership for carrying out the U. S. Department of Agriculture's Rural Areas Development Porgram.

This assignment, said Director John E. Hutchison, was spelled out in Secretary of Agriculture Orville L. Freeman's memorandum to all USDA agencies and in which he also emphasized that the effort would have priority over all other Department programs. Extension's responsibilities are specifically to provide organizational and educational leadership in organizing local leaders, private groups, state and local government and their instrumentalities in setting up active, broadly - representative state, area, and county rural areas development committees and educational and technical assistance to local leaders and private goups concerning farm improvement and off - farm employment opportunities and in cooperation with various state, area, county and community agencies.

Director Hutchison said the Texas Service would carry out the responsibilities by informing the people concerned of the provisions of the Federal laws involved; creating an awareness of problems and motivating people to analyze these problems and where the interests and desires of local leaders warrant, provide leadership in organizational and educational phases of rural area development.

Also guidance in inventorying area resources; assist in analyzing and explaining social and economic relationships and projecting area economic growth; assist local groups in planning and starting projects to reduce under and unemployment; provide educational and training assistance in leadership development; provide counseling and assistance to get maximum benefits from other programs and help rural youth explore career and job opportunities both in and out of agriculture.

The director pointed out that the programs is an expansion and reorganization of the earlier Rural Development effort which operated on a pilot basis. Experiencies gained will be used to strengthen the program now getting underway.

The Rural Area Development Program, he added, aims to reorganize, revitalize and even rebuild the community, county or area economy in order to achieve a balance between agriculture, business and industry. Therefore, the program is long range and the concern of both rural and urban residents, Hutchison said.

USDA's Rural Areas Development Program is applicable to all counties and should not be confused with activities which will be conducted under the Area Redevelopment Act (Public Law 87-27) which provides loans, grants and technical assistance to a limited number of urban and rural areas of the nation. It should be pointed out, Hutchison said, that 47 Texas counties have been designated to participate under the rural provision (Section 5b) of the Act.

REPORTABLE DISEASES

Reportable diseases in Milam County for the week ending August 19, 1961 were 23 strep throat, one typhus fever and one gonorrhea according to Dr. T. E. Crump, Acting Director of the Milam County Health Department.

Sept. 1 . . . . . Countdown

Yoe Footballers Ready For Play

After more than a full week of football practice the Cameron Yoemen are shaping up for the good or the bad, depending upon a number of "ifs" and "maybes".

Grid iron chief, Billy Bates, is hesitant to make any sensational promises or guessses. He says the Yoemen can win if the young inexperienced ballplayers can come through. The ifs like Thomas Leonard and Carroll Richter continue playing the brand of ball they have played the past week and if injuries don't riddle the squad too heavily.

Without a second string quarterback to ease the load of senior Jimmy Woodum, Bates will probably rely heavily on something besides the standard T formation. His last year's introduction of the Iowa Wing T will possibly be the 1961 Yoemen's standard formation.

Besides Leonard, Richter and the returning lettermen, Bates has high praise for newcomer Bobby Jones. Jones is a 145 pound sophomore with plenty of hitting power. Originally a guard he has been switched to the backfield to serve as a blocking back.

Ernest Bayer has suffered a slight leg injury but will be ready for full time action by the end of the week. Carroll Richter and Amos Doskocil have suffered similar injuires, none serious.

Enthusiasm is high among the squad players. Billy Owen, 170 pound senior who is ineligible to play A team ball because of not living in Cameron a year prior to the start of the season, has added extra spunk to the Yoemen. He's been working with the A team and making up for the absence of Chris Gay in practice if not in official competition.

Quarterback Woodum has shown considerable improvement over his last year's performance. His plays are called with more confidence and his ball handling is better then last year.

Last year's bulk of the Yoemen line, Stanley Kirk, Eugene Schattle, Bobby Hillman, James Edwards, Bob Dymke and Joe Hosch are back at their positions stronger and heavier after a hard winter of weight lifting.

A pleasant surprise to Yoemen fans has been the performance of "scatback" David Walston. A 135 pound senior, Walston is doing his part in keeping things moving and is one of the squads hardest hitters.

Johnny Richter and Dan Brashear round off the list of Yoemen upper classmen that will add spice to this year's fighters. Richter has received a slight arm injury but the impact of his sure tacklers is telling on would - be - pass receivers.

Freshman and sophomores like Craig Wallace, Ronald McWilliams Mike Koronek and Mike Perrin are shaping up but appear to be just strong B-team material for another year.

Pool To Remain Open For Labor Day

Ray Green and Make McDermott, managers of the Public Swimming Pool, have announced that the pool will remain open through Labor Day, Monday, September 4.

The pool has been open since the last of May and under the direction of Green and McDermott for two years.

Kermit Smith Suffers Injury In Sandlot Football

Kermit Smith, 9, is a rugged individualist.

Last fall he broke his leg playing sandlot football; several weeks ago he suffered a slight concussion and last week he suffered a third injury from the gridiron sport a broken collar bone.

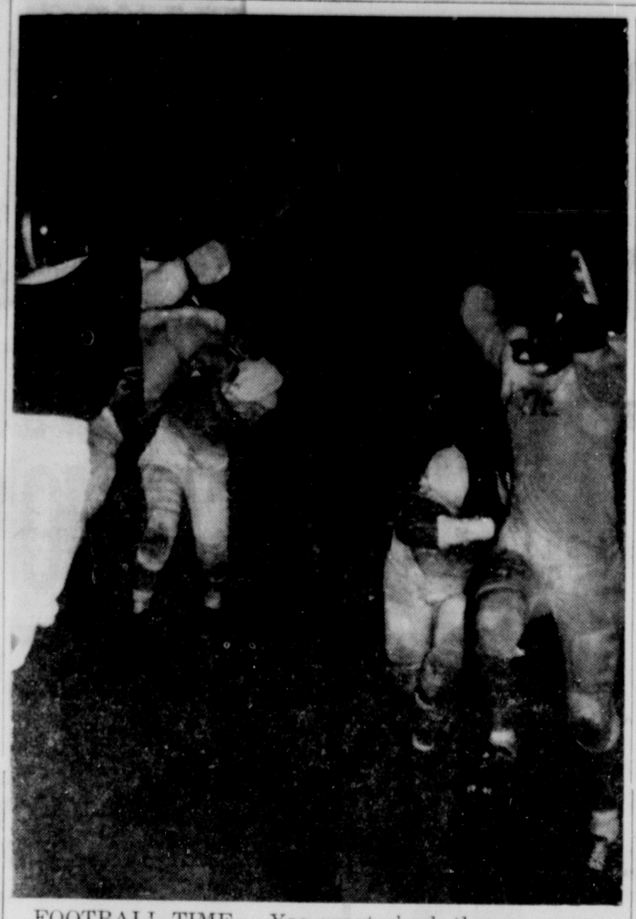
Not discouraged in the least, young Smith tells us that he can hardly wait to get back on the "eligible list" so he can try for injury number four.

He is the son of Dr. and Mrs. E. O. Smith, 209 N. Houston.

CYO To Sponsor Record Hop Friday

The Cameron CYO will sponsor a Record Hop Friday at 8 p. m. at the Simon George Hall.

The public is invited to the dance which is a monthly event of the CYO.



FOOTBALL TIME -- Yoe quarterback throws a pass to a teammate in an inter - squad game held at Yoe Field Saturday. At the extreme left an unidentified Yoemen blocks Bob Dymke. The Yoemen have their first game September 1st.

Lankford Accepts Coaching Post At Carrizo Springs

Eddy Lanford, 25, has accepted a position as head coach at Carrizo Springs, Texas.

Lankford is a 1953 graduate of Yoe High School and has been track coach at Georgetown the past three years.

A graduate of Southwest Texas State College, San Marcos, Lankford served two years in the Air Force and went through college on an athletic scholarship. He was a halfback on the "53" Yoemen squad and ranked with the state's best running backs.

He is the son of Mr. and Mrs. Narvie Caperton of 1103 East 1st. St., Cameron.

Four Way Battle Going In Mens Bowling League

A four way battle for first place in the Men's Summer Bowling League is still in progress following last week's action.

The Knight's are in first place with 32½ wins and 15½ losses. The Pi-E-Blurs are 31 - 20; the Outlaws 30 - 12; and the Rookies are in fourth with a 29-22 record.

The Embezzlers are in fifth place with a 25½ - 25½ record. The Untouchables are sixth with 25-26; the Pin Thrashers are seventh with 18½ - 32½ and the Wizards are in the cellar with 12½ - 38½.

The Wizards rolled the best team ball of the week with a high series of 2,499 and high game of 881. They also rolled the third highest game, 834.

The Untouchables rolled a 2,277 The Outlaws were also good for a second spot 865 game.

Jim Edwards rolled the high individual game and series. His 560 series was second by Harlen Mees with 551 and James Hollas with 520. Edwards got a 224 game, Mees a 213 and Leo Hollas, 199.

Harlen Mees holds the leagues top average with 178. Leo Hollas has a 177 and Charles Hollas a 172.

Bellmead Lions Club To Sponsor First Horseshow

The Bellmead Lions Club will sponsor its first horseshow Saturday night, September 2, at 7:30 p. m. in Lions Park.

The new park is built for the youth of Bellmead and the surrounding area. Show proceeds will be used for the development of this park.

Entry fee will be $1.00 and general admission is free.

Here are the sixteen classes sponsored in the show: Girls Pleasure Class, 12 years and under -- any size horse; Boys Pleasure Class, 12 years and under--any size horse; Girls Teenage Class, ages 13 - 18; Boys Teenage Class, 13 - 18. Ladies Western Class - 3 gaited ages 18 and over; Mens Western Class-3 gaited - gaes 18 and over; and a Plantation Class - Open.

A Parent and child class -- must be related; Novice Class Non. winnign horse or rider; Reining Class; Ladies Barrel Race -- Cloverleaf-Open; Mens Barrel Race -- Straight - away -- open; Flag Relay Race Open; Rescue Race - Open; Pole Bending -- Open; and Key Hole Race - Open.

Sunshine League Elect Officers

The Sunshine Bowling League have elected new officers for the 1961 - 62 bowling season. The Sunshine League will bowl for 35 consecutive weeks starting August 28 at 6:30 p. m.

Billie McCoy will serve the league as president; Nell Dymke, vice president, Ann Hollas, secretary - treasurer and Ann Schattle, sargeant - at - arms.

Here is a list of team sponsors and captains:

Star Lite Club - Penny Lewis; New Cameron Drug, Corine Rinn; Falstaff Beer - Ann Schattle; Hefiey Stedman Motor Company - Mona Zotz; Leader-s Dept. Store - Frances Michna; and Citizens National Bank - Jackie McCall.

K of C SCHEDULES PICNIC SUNDAY

The Cameron Knights of Columbus will hold an annual public picnic Sunday at the K of C Hall, according to Albert Michalka, general chairman.

He also stated that games and other entertainment will start at 2 p. m. on the grounds. The bowling alley will be open as usual.

A barbecue supper of homemade sausage and chicken will be served starting at five o'clock.

Highest temperature ever recorded at any Texas weather station was 120 degrees F. at Symour on August 12, 1936.

Buckholts Faces 9 - Game Schedule In Coming Season

Buckholts Badgers coaches Lester Hanke and Jimmy Hauk face a nine - game six - man gridiron schedule with a roster averaging a hefty 147 pounds but is sly on the depth side.

In the backfield the Badgers will sport 170 pounders Jack D. Ruzicka and Bobby R. Malovets. Both boys are seniors.

Lenard Fritz and Lawrence Hanke, both 125 pound freshmen will give the backfield added depth.

Ends Leland Janes, a 130 pound senior and Arthur Inge, 164 pound, 6'1" junior will carry the bulk at that position. Richard Pack, 108 pound freshmen will also see action at end.

Badger center is Johnny McKush, 185 pound freshman.

Here is the 1961 Badger schedule:

Sept. 1 - Jarrell - There
Sept. 8 - Milano - Here
Sept. 15 - Jewett - There
Sept. 22 - Normangee - There
Oct. 5 - Turnersville - Here
Oct. 15 - Jonesboro - There
Oct. 19 - Flat - There
Oct. 2 - Ogelsby - Here
Nov. 9 - Jarrell Here

Rummage Sale Set For Aug. 26th

The women of the All Saints Episcopal Church will hold their annual rummage sale beginning Saturday, August 26.

The sale will be held in the old Mondrik building, formerly Milam Cafe, on the West side of the square.

Quarterbacks Meet —

Officers Elected For New Season

In its first meeting of the year last Monday night the Cameron Quarterback Club heard an inspiring talk by Percy Arthur, former Rice Coach and elected new officers for the coming year.

Outgoing Secretary and tresurer, Tom Boyd, reported that about 35 members poid dues. He added that is about normal for the clubs first annual meeting although total membership reached 161 last year.

Dr. Robert Titsworth was elected new club president, replacing last year's prexy, Forrest Sapp.

George Johnson was elected vice-president; Ollie Gray Chamberlain secretary and treasurer; and John Henderson Jr. and James Terry were chosen as new Directors of the Board of Directors. Sapp will also serve on this board.

Percy Arthur, who was captain of the 1934 Rice gridiron squad that won the Southwest Conference and later a Rice coach, delivered an inspiring 45 minute talk, spiced with humerous incidents that have made his life in sports a colorful one.

Arthur emphasized that most people have three desires; to be something, do something and to have something. He added that "In order to be something you have to do something," and that training, sacrificing and putting the team first is the formula for a successful football player.

He cited stories of Bill Wallace, John J. Piershing, U. S. Grant, and Glen Cunningham who succeeded against over - powering odds by accepting a task as a personal chanllenge.

He told the story of two shoe salesmen who were sent to Africa to open up new territories. One wired back the following report:

"Impossible to sell shoes here. Everyone goes barefooted."

The other sent this telegram. "Great selling potential. Have enclosed 50 orders. No one has shoes here.

HORSTMANN BROTHERS

CAMERON HERALD

VIEW ON SPORTS

— WITH ROBERT MANN —

The hard hitting leatner of the Yoemen bumping heads with each other last week has brought to mind a story of a skinny lad, weighing 150 pounds or less, who turned out for football practice of one of the Big Ten Colleges last fall. He soon thought better of his impulse.

"Until one bruiser grabbed my left leg, another my right leg and the first said to the other, Make a wish," everything was all right, he said.

VOS

Though this slightly exaggerates the situation, football is by no means what Hank Bayer would call a "panty - waist" game.

Even in AA high school competition the knocks are many and the compliments few. The better ballplayer is, the more knocks he takes; the more knocks he takes, the better he is.

VOS

A couple of years ago, Yoemen fancied themselves fighters on and off the field. If the referees wouldn't let them have it out on the field with their fists, they would finish the job on Saturday night or vice versa.

Competition, real competition is fine in its place. And competition is almost always in place. Its the way a competitive spirit is applied that brings the frowns and long faces.

This year's Yoemen are a clean, well - adjusted bunch of boys as any coach or fan could ask for. If the fans stay behind them in the right way they will stay that way.

When the people in the stands start letting loose with the boos although the game is being played fairly and cleanly, then the boys on the field will resort to more drastic measures of getting applause, "with their fists."

When this happens its the same old story of the boy getting thrown out of the game, the school blacklisted and the fans complaining about bad sportsmanship.

So lets all remember that sportsmanship really starts with the spectators. The participants in any contest are going to do what the audience want to see. So if the audience hollars for blood, they'll get it.

If they hollar for good clean play, they will get that too. So win or loose lets play the game fair, clean and competitive.

PM

Jimmy Camp, son of Mr. and Mrs. Emory B. Camp, will transfer to Texas Christian University this fall for his sophomore year.

Max Schumate To Manage Temple Show

Max Shuemate, 26, has accepted a position as assistant manager of the Sunset Drive In, Temple.

Shuemate is a 1953 graduate of Yoe High School and was formerly employed by the Milam Theatre. He will move to Temple shortly after the first of September.

He presently resides at 605 West 2nd St.

JELLY SANDWICHES

Plum Jelly and Jam

Yield: about 10 medium glasses (5 lbs.) jelly and 12 medium glasses (6 lbs.) jam. Requires: about 4 lbs. ripe Italian prune plums, 8 lemons, 6½ lbs. sugar, and 1 bottle liquid fruit pectin.

First, prepare the fruit. Crush (do not peel or pit) about 4 pounds fully ripe Italian prune plums. Add 2 cups water; bring to a boil and simmer, covered, 15 minutes. Place in a large sieve lined with a double thickness of cheesecloth. Stir, but do not press. Drain and measure 3½ cups juice into a very large sauce pan. Remove pits from pulp. Use juice for making jelly; use pulp remaining in sieve for making jam.

Plum Jelly

3½ cups plum juice
7½ cups (3¼ lbs.) sugar
½ cup lemon juice (4 lemons)
½ bottle liquid fruit pectin

Second, make the jelly. To plum juice in saucepan, add sugar and mix well. Squeeze and strain the juice from 4 medium-sized lemons. Measure ½ cup into saucepan with plum juice and sugar. Place over high heat and bring to a boil, stirring constantly. At once stir in pectin. Then bring to a full rolling boil and boil hard 1 minute, stirring constantly. Remove from heat, skim with metal spoon, and pour quickly into glasses. Cover jelly at once with ⅛ inch hot paraffin.

Plum Jam

4 cups plum pulp
7½ cups (3¼ lbs.) sugar
½ cup lemon juice (4 lemons)
½ bottle liquid fruit pectin

Then make the jam. Measure plum pulp and sugar into a very large saucepan and mix well. Squeeze and strain the juice from 4 medium-sized lemons. Measure ½ cup into saucepan with pulp and sugar. Place over high heat, bring to a **full rolling boil**, and **boil hard 1 minute**, stirring constantly. Remove from heat and at once stir in pectin. Skim off foam with metal spoon. Then stir and skim by turns for 5 minutes to cool slightly, to prevent floating fruit. Ladle quickly into glasses. Cover jam at once with ⅛ inch hot paraffin.

Plum Jelly Picnic

Homemade plum jelly helps simplify picnic planning so that picnics can be spur-of-the-moment occasions. With this flavorful spread on hand, you can make tasty sandwiches with your favorite bread quickly and easily. Now while plums are their prettiest in the markets, use them to make tempting sweet spreads. Today's easy recipe will give you an extra bonus of plum jam from the same batch of fruit used for the jelly.

Mr. and Mrs. J. H. Graham of Cameron announce the engagement and approaching marriage of their daughter, Ann, to Carter Collins of Washington, D. C., son of Mrs. Bassil Wilson of Cameron. A September wedding is planned.

Mrs. Roberts Will Receive Degree

Mrs. Harold V. Roberts, Cameron, will receive her masters degree in Elementary Education at the Friday commencement exercises at Southwestern Texas State College in San Marcos.

She i the daughter of Mr. and Mrs. J. N. Talbert of Sweeney.

PERSONALS --

Mr. and Mrs. Niley Smith returned to Cameron Sunday following a 10 day trip to Mexico City, Tasco and Acapulco. The Smiths left Dallas by Braniff jet plane with a group of 40 friends. Although not a regular Murry Cox tour, Mr. Cox accompanied them. From Mexico City trips to the silver mines in Tasco and Acapulco were made by private cars.

Grubbs, Schwarz Wedding Planned For September 16

Mr. and Mrs. M. W. Grubbs of Rockdale announce the engagement and approcahing marriage of their daughter, Polly Ann to Charles Schwarz son of Mr. and Mrs. Willie Schwarz of Sharp.

The wedding date is set for September 16 at the Rockdale Church of Christ.

Miss Grubbs is a 1960 graduate of Rockdale high school and is presently employed with Southwestern Bell Telephone Company in Hunstville. Schwarz is a 1956 graduate of Sharp High School and is now employed in Robstown. He will re - enter Sam Houston State Teachers College this fall.

PLANNING A PROGRAM?

Since many of Cameron civic, church and social groups are now planning their fall programs, I'd like to remind you of our standing offer to provide informative and entertaining programs for your club without charge. In addition to such motion pictures as "Thread of Life" and "Seconds for Survival," our popular Science Demonstator, Jim Sage (pictured here), is available on a scheduled basis

to present his program "Voices Across Time and Space." In his show, Sage runs the gamut from a demonstration of Bell's first telephone to bouncing telephone calls off a satellite orbitting in outer space.

A free booklet describing the variety of our films and programs is yours for the asking. Just call the telephone business office, OX 7-4601.

"GRASS - ROOTS CAPTILISM"

The newspapers recently ran a story that I thought was pretty significant. It gave real insight into our American economic system. The story reported that, for the first time, an American business had 2,000,000 owners. This important "first" was achieved by the Bell System, of which my company is a part. Hugh and Irene Polson of Wichita, Kansas, are the two millionth shareowner.

The Polsons own and run their own pharmacy. And, even though they keep plenty busy with the drug store and duties at home, they take part in church, PTA and community activities.

Mr. and Mrs. Polson own 10 shares of stock. They bought it as part of an investment plan to send their children (Kay Louise, 9, and Stephen Hugh, 7) to college. Like the Polsons, a great many investors -- 335,000 in fact - have fewer than 10 shares. Of the two million shareholders nearly 850,000 are women and 300,000 are telephone employees.

This is real evidence of "grass - roots capitalism," and I think Mr. and Mrs. Polson typify many of today's "grass - roots" investors, who come from all walks of life, from all sections of the country.

As I said before, here is a truly significant story. Here is the nation's largest business, the Bell Sytem, now owned by 2,000,000 people. Here is a dramatic testimonial to the American economic system. Here is free enterprise at work -- with all the world to see.

Call by number. It's twice as fast.

SINCE 1860

For Those Who Hate Waste....

Have you watched your valuable top soil wash down a swollen creek?

Have you tried to cross farm - to - market roads made impassable by rampant fall and spring floods?

Have you wondered how much it costs to rebuild washed - out bridges and roadways?

Have you looked at your crops after an overflow has drowned them with rushing waters and silt?

If you ever farmed or ranched in Central Texas, you surely can answer: "Yes".

You can consider these obvious problems and do something about them September 23. You can vote "Yes" to a $100,000 bond issue in the Elm Creek Watershed if, as a property owner in that area, you seek a solution.

And by voting for the bond issue, you can establish water control with numerous benefits not now available in the three - county watershed area:

ONE -- Water retarding structures, 21 of 60 of them in Milam County, that will contain these waters in floodtime for use in drought.

TWO -- Small lakes available for fishing, boating and recreation.

THREE -- Savings of hundreds of thousands of dollars in bridges, roadways, crops, top soil every year that water goes uncontrolled in the Milam - Bell - McLennan District.

Is 25c per $100 valuation too expensive to do these things? Better that you ask: Are losses in cropland, crops, and cattle worth a delay?

This a project from which everyone can benefit. First, the property owners in the Watershed, then the many thousands of residents who live near the Elm Creek area, be they residents of Rogers, Buckholts, Cameron or Temple.

This is a project that will boost the interests of farmers and ranchers, merchants and builders, workers and their families. This is a project that city and county can use.

While federal projects are planned for larger rivers throughout Central Texas, less emphasis, but similar value comes from water control of the Elm Creek project's caliber.

Soil conservation experts say this small -dam project will conserve the farmer's land, build him lakes and save his hard - won crops and cropland in time of heavy rains.

The Herald believes them. The Herald urges you, Elm Creek property owners, to survey your farm history and study future needs. The Herald believes you will want to vote "Yes" after you do.

'WHAT'S FOR DESSERT?'

"What's for dessert?"

The question, posed by little cartoon characters on TV, applies to the voracious appetite of the Russian Bear at Berlin.

Now that escape has been cut off from East Berlin, Communist Germany surrounds Western Berlin, a fuse in a warhead if there ever was one. As long as things go their way, we may send troops in on the autoban until Berlin Mayor Willie Brandt says "Da" instead of "Ya," but to no avail.

It is quite a dither. We are still in Berlin and perhaps will be after some type of negotiation. But as the fellow said. "Now that we're here, where are we?"

The more realistic opine that Khrushchev has solved his problem of escaping East Germans, but we still have ours . . . free West Berlin more than a hundred miles inside the Curtain.

Back at home, people are asking one another: "Is Berlin worth fighting for? Most agree it is by necessity. There is a lot of "face" to be lost if Berlin is compromised. A free West Berlin is as important to the rest of Western Europe as the satellites are to Russia but for different reasons.

Militarily, our position is nothing short of untenable. Psychology, it is one of those places we have to be. Everybody is wondering when the next big bite comes.

A Man To Remember During the Next Few Months

LITTLE RIVER PHILOSOPHER

Philosopher Adds His Two - Bits Worth

To Berlin Crisis, But It's Inflationary

Dear editar:

Right when people ought to be enjoying the closing days of summer, all you can hear from them is: What's going to happen over West Berlin and East Berlin?

Why, the newspapers are so full of the Berlin crisis even old-fashioned ax murders have been crowded to an inside page, and any robber who holds up a bank for only a few thousand dollars can't even get in the paper at all.

But I've been viewing the Berlin situation this way: with so many brains at work on it in every corner of the world, I figure I can be excused from devoting my full time to it, although I'll admit that West Berlin's demand that the United States stop talking and start fighting over its plight has me puzzled. It hasn't been very many years since the same place was hollering that we ought to stop fighting and start talking.

Now I'm not saying the situation could be any different. It's mighty easy to look back fifteen years and say what we should have done, but I can look out over this Johnson grass farm and list a dozen things it looks like I would have had sense enough to have done fifteen years ago, but there they are, still undone. This goes for both the East side of this place as well as the West side.

For example, while one of the problems in Berlin is the question of whether you can cross from the East to the West, my problem here is that a cow can cross from either direction and leave the place altogether from all sides if she takes the notion. You might say that on this farm, a cow recognizes no borders and while I could shut the gate, it seems like a waste of time when the fences beyond the gate won't hold cows anyway.

One advantage my cows have over people is that they don't recognize any political philosophies. I've tried dictating to them, but it won't work. Some day Mr. Khruschev may find out the same thing about people.

Yours faithfully,
J. A.

RURAL DEVELOPMENT

The Texas Agricultural Extension Service, along with other State Cooperative Extension Services of the nation, has been assigned the responsibility for providing the educational and organizational leadersip for carrying out the U. S. Department of Agriculture-s Rural Areas Development Program.

WHEAT RATION

A compact, long - keeping emergency ration made from whole wheat has been developed and tested by U. S. Department of Agriculture scientists.

Letters To The Editor

The Cameron Herald
Cameron, Texas
Gentlemen:

In your issue of March 9, 1961 you carried a splendid article on Manse Jolly -- the most Unreconstructed Rebel the South produced.

I would like to secure two copies of this paper if they are available Let me know the charges -- cost of paper and mailing.

Thank you and with kindest regards, I am,

Very truly yours,
H. G. Williams, Curator
Anderson County Historical Society

Draft Quota For Texas Doubled

AUSTIN — The state draft quota for September, on file at state Selective Service headquarters early Friday, is almost double the August call.

The September call for Texas' 137 Draft boards is 1,112, compared to 561 for August, Colonel Morris S. Schwartz, state director of Selective Service, announced.

The September quota of 1,112 is the state's share of a national quota of 25,000 men, all for the Army.

Reservists Requested For Navy Action

The Navy Department announced that request for voluntary recall to active duty are desired from certain categories of Naval Reservists, both officer and enlisted, for periods of twelve months or more.

Enlisted Naval Reservists in 24 different ratings and all reserve Naval Officers are encouraged to volunteer for recall. Applications should be submitted to the Commandant of the Eighth Naval District in New Orleans in accordance with instruction which are held by all Navy Recruting Stations and Naval Reserve activities.

Benefits For Disabled Workers Family Explained

In the proceding articles in this series, the major changes in the social security law recently enacted by Congrees have been outlined. One other change can save benefits for workers who can least afford to lose them -- the disabled and their families.

Until the new amendments were signed, a worker with a severe disability of some years' standing had until June 30, 1961 to apply for his disability insurance benefits. Disabled workers who had been unable to work for some years, and who delayed applying beyond that date, could lose all rights to current and future benefits for themselves and their dependents.

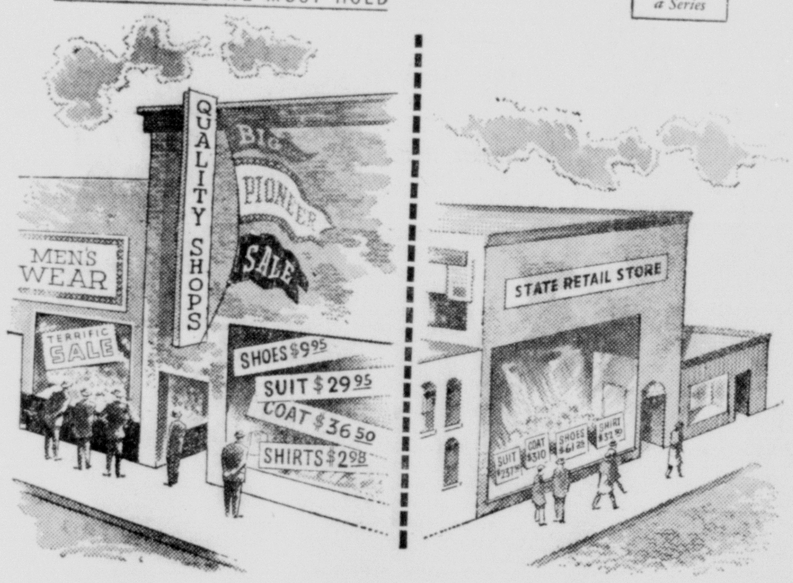
In the 1961 amendements, Congress has given these disabled workers one year more -- until June 30, 1962 -- to apply for benefits through their social security office under the disability provisions of the law.

More than one - half million disabled worker s under age 65 -- and their dependents -- are now receiving monthly benefits. But there may be other eligible disabled workers who have not yet heard that these benefits are payable. This action by Congress will, we hope, call their attention to their rights and encourage them to make application for their benefits.

To be eligible for disability insurance benefits, a worker must have credit for at least 5 years' work under social security during the 10 years before his disability began. In addition, he must be so severely disabled that he cannot do any substantial gainful work The disability must have existed for at least 6 months and be expected to continue indefinitely.

THESE TRUTHS WE MUST HOLD

No. 4 of a Series



ARE PRIVATE PROFITS GOOD FOR THE NATION?

Americans believe:

Private profits are the mainspring of efficiency and the assurance of constant improvement in goods and services. Without the stern necessity of earning a profit, few men will do their best. Private profit is a small "commission" on the benefits extended to the customers. It is on the expectation of profits that men dream, plan, and produce. It is on the realization of profits that the good things of life are expanded.

Communists believe:

While profits must be a part of every selling price, they should belong to the state. The state is supreme, therefore it is a function of the state to dictate the use of all human and material resources. The desire for private profit is unnatural and should not occur to any individual, whose only desire must be to serve the state.

ETERNAL VIGILANCE IS THE PRICE OF LIBERTY

To renew and awaken interest in our precious heritage of Freedom, and its superiority over the Communist philosophy, these messages are being published by the Texas Power & Light Company, an investor-owned, tax-paying electric utility.

TEXAS LAWMEN

Lieut. Junius Peak

Ranger

"We located our man at Round Rock . . "

Back in 1878 a hard riding, fast shooting gent named Sam Bass was holding up too many Texas banks and railroad trains. Not less than 150 Bass-hunters — detectives, marshals, deputies, Pinkertons, express and railroad agents — were after him. But it took a Ranger and his special company to catch and erase the bold, bad bandit at Round Rock, on July 20. Lieut. Junius Peak commanded those Rangers. Before this historic event June Peak had proved his cool courage and good judgment in quite a few encounters with enemies and outlaws. Twice wounded in the Civil War, Peak subsequently served as deputy sheriff and marshal at Dallas. He had successfully mopped up New Mexico's biggest band of cattle thieves, scouted Indians and charted waterholes in West Texas. In 1880 Peak left the Ranger service for more peaceful pursuits such as railroad construction in Mexico and ranching in Shackelford County — another Ranger to leave his signature on the pages of Texas history.

Texas lawmen have always served their state well — as have Texas industry and commerce. Providing payrolls and community revenue, one industry has also provided the refreshment of moderate beverages. In Texas the brewing industry "belongs." Brewers, wholesalers, retailers and the United States Brewers Association are working constantly in cooperation with today's lawmen, to assure the sale of beer and ale under pleasant, orderly conditions.

LEGAL NOTICE

NOTICE OF BUDGET HEARING

In accordance with Article 689a, Revised Civil Statues, a public hearing will be held on the County Budget, which I, as the statutory budget officer of Milam County, Texas, have tended for the fiscal year of 1962 on Thursday, August 31, 1961 at 10:00 a. m. in the County Courtroom of the Courthouse at Cameron, Texas, at which time and place said tentative budget will be considered in public meeting by the Commissioner's Court of Milam County.

Don G. Humble
County Judge.
Milam County, Texas. 22-1tc

Outdoors In Texas

Fishermen -- not fish -- break fishing tackle.

When the truth wins out, you will discover that the big one that broke the line wasn't so big after all.

Let me relate the story of an angler who lost a "huge" redfish in the surf near High Island on Bolivar Peninsula. Although this took place several years ago, it will illustrate the point of this column.

I won't embarass the angler by naming him. But here's the story

He hooked a redfish -- and in short order the fish broke the line. The angler boasted that the fish was a real monster because he was using brand new 36 - pound test line.

Within an hour after the fellow lost the fish, some beach seiners about a mile down the beach brought in their net. One of the fish trapped was a redfish complete with a hook in its mouth, a long wire leader and about 10 yards of line.

The angler, who happened upon the scene, identified the terminal tackle as his. The beach seiners, in view of this unusually large catch -- that got away -- gave him the fish.

Now comes the corker.

That redfish weighed exactly 11 pounds. It was a far cry from the 40 or 50 pound monster implied by the angler.

Sure enough the angler's line was brand new. His rod tip and guides were in good shape. So the line wasn't weakened by graying.

Truth of the matter is that the fisherman -- not the fish -- broke that 36 - pound test line.

Here's how it happened.

When the fish made its run for freedom, the angler feared he might not have enough line on the reel. So he hauled back as hard as he could to check the run. Naturally the strain of the fish pulling in one direction, and the angler jerking in the other, parted the line.

Fish losses like this happen every day. It's the result of excitement and inexperience. Usually the angler could have landed the fish by playing it.

Redfish aren't noted for runs. Their runs are short, 20 to 30 yards at most, before they change directions.

So if that angler, who felt that the line was getting near the end of the spool, would have walked down the beach with the fish -- or even waded out into the water, he might have landed it.

Many line breaks occur because the angler fails to periodically check the line for frayed spots.

Let me point out here that line fraying usually occurs in the first few feet of the line. And here's why.

Everytime you cast out, tremendous pressure is exerted on the ine where it comes in contact with the rod - tip top. Eventually this will fray and weaken the line. Play it safe by cutting off a few feet of line every time you make a trip. Thus you will get rid of that part of the line subjected to heavy pressure and the greatest wear in casting.

You should frequently check the rod - tip top -- particularly if you use nylon or monofilament line. These ines are extremely hard and in heavy fishing will wear grooves in the tip top.

Agate tip tops will crack and chip, and the sharp edges will cut the line. Replace faulty tip tops immediately.

Line comes invarious pound tests. Its strength will remain constant unless the line is abused. This is particularly true with linen lines used in salt water fishing. Linen line stored wet will rot quickly.

It's better to practice good line maintenance than to lose a fish because of line neglect.

Regardless of the strength of the line, you weaken it every time ou tie a knot in it. The degree of weakening, however, can be minimized by learning to use the proper knots.

The simple, ordinary square knot will cut line strength about 50 percent. Obviously a line testing out at 36 - pounds will break at about 18 pounds at the point of the knot.

Best knot to use is the blood or jam knot. It's tied simply by running one end through the hook eye. Twist this end at least five times (perferably eight or ten times) around the standing end of the line. Then slip the end back through the loop between the hook eye and the first twist. Now run the end back through the big loop just formed and pull the knot tight.

It.s easy to tie. It forms a neat knot that will not slip. But more important it decreases line strength at the point of the knot only by about 20 percent.

For example, with 36 - pound-test line this knot will reduce line strength at the point of t knot by a little more than sev pounds. For the sake of round nu bers, let's say eight pounds. T eight needed to break the li would then be 28 pounds -- whi is a long way from the 18 pou required to snap the line if a uare knot is used.

A rod with the wrong kind tip action will cause an angl to break lines.

The rod tip is a shock absorbe It takes up the shock transmitt by a fish on a sudden run, or t shock transmitted when the angl hauls back hard to bed the ho in the fish's mouth.

A springy tip allows the stra of the sudden shock to be tran mitted to the line gradually.

With a very stiff tip, the stra on the line is quite sudden. R sults: Pop goes the line and t fish goes free.

Next time you lose a fish, don blame it all on the size of the fis Stop and consider how you playe the fish.

Then examine your tackle. your tackle is okay and you "pla ed it" right -- perhaps you did lo a big one. Maybe even a recor breaker

PM

Weekend guests in the home Mr. and Mrs. Oscar Zotz wer their daughter, Gerry, who is em ployed in Waco and Mrs. Marg Thompson and family, Jeff, Kare Linda and Kristi from Dallas. Mr Thompson's mother also accon panied them.

Guests in the home of Dr. an Mrs. C. G. Swift over the weeken were their children, Mr. and Mr John Duncan of Amarillo, Mis Laura Swift, student at Baylo Univerity, Waco, and Cliffor Swift and guest, Miss Karen Mc Cullum of Houston.

CAMERON And MILAM COUNTY General News

Last Rites Held Monday Here For Tom Wardlow, 60

Funeral services were held 2:30 p. m. Monday for Tom Wardlow, 60, who died Saturday in a local hospital.

Wardlow was born Nov. 24, 1900 China Springs and lived in Cameron for 26 years. He was an agent for Central Freight Lines.

Services were conducted by the Rev. Aubrey Russell from the First Methodist Church. Burial was in Waco Memorial Park, Waco.

Surviving are his wife Ruby of Cameron; his mother, Mrs. S. A. Wardlow of Dallas; three sons, Thomas Wardlow of Deer Park, Richard Wardlow of Houston, Joe Wardlow of Jackson, Miss.; one daughter Mrs. Charles Paulk of Temple; three brothers, J. D. of Houston, Raymond of Amarillo and E. A. of Mexia; three sisters, Mrs. Myrtle Morrison of Tom Ball, Mrs. Clifford Wortham of Waco and Mrs. Bailey Forester of Dallas and three grand children.

Pallbearers were A. W. McCullin, Joe Bill Heath, Allen Dodson, Paul Laake, Max Howard and A. W. Rettig.

Marek - Burns Funeral Home was in charge of arrangements.

Services Held For Mrs. Mullins

Ruth Wadlington Mullins, 53, died Thursday at Milano following a lengthy illness.

Services for Mrs. Mullins were held 4 p. m. Friday with the Rev. Jerry Cutter officiating from the San Grove Church. Burial was in Sand Grove Cemetery.

She was born Nov. 1905 in Mills County to the late Chas. Wadlington and Mrs. Birtie Price Wadlington.

Surviving are her mother, Mrs. Chas. Wadlington of Rt. 1, Milano; her daughter, Mrs. Jean Dozier of Thomasville, Ala.; 2 grandchildren and 2 brothers, C. S. of Milano and Lester of Tanglewood.

James J. Gaston Services Held In Gause Thurs.

Funeral services were held 2 p. m. Thursday for James Jerome Gaston, 79, who died August 15 in a Dallas hospital.

Gaston, a Gause community resident since 1908, was born in Trinity County January 4, 1882. He was the son of John and Bonita Castleberry Gaston. He married Miss Martha Daisy Burke in 1904.

Services were conducted by Rev. Richard Jenkins of the Gause Methodist Church and burial was in Gause Cemetery.

Surviving are his wife, Mrs. J. J. Gaston of Gause; three daughters, Mrs. Bonita Jones of Milano, Mrs. Fannie Stovall of Dallas, Mrs. Jewel Canon of Cleveland; five sons, Graydon and Leland Gaston of Bryan, Barth and Newman of Gause and Melton Gaston of Providence, R. I., 32 grandchildren and 17 great grandchildren; five sisters, Mrs. Ola Wilson and Mrs. Blanche Lee of Gause, Mrs. Lena Stallings, Mrs. Madge Kennedy and Mrs. Buna Gallenger of Dallas; and one brother, Bud Gaston of Crystal City.

Former Countian In Okla. Hospital

Robert Pond, son of Mr. and Mrs. Jack Pond of Rt. 2, Cameron is resting well in the St. Francis Hospital in Tulsa Okla., where he recently had surgery for a broken neck.

The reuptured disc was removed and replaced with a plastic one. His doctors say he will be able to lead a normal His doctors say to lead a perfectly normal life.

He will soon be at home at 3330 E. 30th St., Tulsa, Okla.

AGRICULTURAL ACT

Farmers are urged by C. H. Bates, extension farm management specialist, to take advantage of every opportunity to learn of the provisions of the Agricultural Act of 1961 just recently signed by President Kennedy.

Report From The Confederacy

Kentucky To Be Occupied By Confederate Troops

By Robert Stonedale

COLUMBIA, South Carolina, August 12, Governor F. W. Pickens today issued order for the fortification of various points along the coast in anticipation of Federal seaborne attacks north of Charleston. Work is continuing on the forts in Charleston harbor. An attack on the small forts near Cape Hatteras, North Carolina by the Union troops now at Fortress Monroe, Virginia can also be expected at any moment, the Governor stated.

NEW ORLEANS, Louisiana, August 15 -- Enemy battle flags and colors captured by the famed Washington Artillery of New Orleans at the recent battle in Virginia, were presented to the ladies' auxiliary during ceremonies in Jackson Square today. Work continues on the numerous forts and gun emplacements on the lower river in expectation of imminent enemy attack.

GALVESTON, Texas -- August 5 -- Preparation against a new attack by the Federal navy continues here. Guns for the forts have not yet arrived, however. Union ship s appeared offshore on August 3, and fired several shells into the city.

COLUMBUS, Kentucky, August 15 -- Brig. Gen. Leonides Polk, until recently Episcopal Bishop of the Southwest and 10,000 Confederate troops are expected to arrive here today. It is reported that the Confederate Governmnt determined to occupy this neutral territory with great reluctance, but felt it must do so in order to defend itself against invasion down the Mississippi River. Strong Union forces are known to be gathering north of here at Cairo, Illinois.

MESILLA, Arizona, August 2 -- Lieut. Col. John R. Baylor, Commanding the Confederate Army in New Mexico announced the organization today of the Confederate Territory of Arizona. This action was taken under the authrotiy of Brig. Gen. Henry H. Sibley, C.S.A. under whose command southern New Mexico has been cleared of Union troops.

SPRINGFIELD, Missouri, August 20, 1861 -- The Confederate Army of the Department of Arkansas today staged a grand review for Governor Claiborne Jackson and Maj. Gen. Sterling Price of Missouri, prior to marching out of this war - torn state. With colors flying, the Confederate columns saluted their brave Missouri comrades, and bade farewell to the citizens of Southern sympathy, as they swung past the reviewing stand on the city square.

They carried with them, as trophies of war, the Yankee battle flags they won at Wilson's Creek ten days ago. The captured enemy field - artillery was left to the Missourians who now must defend their homes against the Federal army unaided.

The Commanding General of the Confederate forces, Ben E. McCulloch of Texas, received order yesterday from the War Department to move south and prepare to defend Arkansas against Federal attack. The protests against this action made by the Missouri officials availed nothing.

The War between the States raged in this area for more than five years before formal hostilities were declared last April. During that time, hundreds of Kansas and Missourians died in bloody encounters along the border, and gans of ruffians looted, plundered and burned out the people of both factions.

LOYALTY DIVIDED

Although Missouri is Southern by interest and inheritance, may of her people are unalterably opposed to Secession and hold Governer Jackson's action joining Missouri to the Confederate States of America illegal. The large foreign born elements in St. Louis are decidedly Unionist in their sentiments, and have little knowledge of the rights of a Sovereign State. They make up a large part of the Union forces in Missouri.

Many other citizens who first opposed Secession swung around when Union troops fired into a crowd at St. Louis last spring and killed helpless women and children, but the people of the state are still divided in their allegiance.

Families have split on the issue. Men who were raised to gether, went to school together, and have been life - long friends, now greet each other on the street with cool civility; granting each other's right to hold differing opinions, but refusing intimacy. During the recent battle of Wilson's Creek even sons and fathers fought on opposite sides.

The last of the dead from that battle have received decent burial at the hands of the soldiers and local farmers. A Confederate cemetary has been laid out southeast of Springfield and rows of neat headboards mark the graves of Texas, Louisiana, Arkansas and Missouri citizens who gave a full measure of devotion to the cause of State's rights. Several mass graves were completed on the battlefield eight miles southwest of here.

GENERAL LYON HONORED

The remains of the Union commander, General Lyon, were brought from the battlefield under General McCulloch's personal order. McCulloch placed a guard over the body the night following the battle and paid his foe the honors due a brave soldier. A Mrs. Phelps of this city attempted to claim it, but the guard, Private Tim Connors, Second Arkansas, refused her request.

"General McCulloch eats a Dutchman every day," Connors told the dismayed lady in menacing tones, "And he's saving this 'un for supper tonight" Mrs. Phelps appealed to McCulloch who reprimanded Private Connors and entrusted General Lyon.s body to her care. She arranged for interment at her farm on the outskirts of the city.

General Price and the Missouri troops are expected to move north next week to begin an offensive against the Federal forces occupying Northwestern Missouri. It is believed that Lexington, Missouri will be the first target of the advance. General McCulloch's departure marks an end to Confederate operations in Missouri, at least for the present.

Ira Williams, Sr. Funeral Services Held Here Thurs.

Funeral services were held Thursday, August 17, at 2 p. m. for Ira Williams, Sr., 56, of Waco.

Williams was born Feb. 1, 1905 in Concho County and died in Hillcrest Hospital August 15. He was a farmer and a member of the Little Deer Baptist Church.

Services were conducted from Marek - Burns Funeral Home with the Rev. Charles Goodson, Little Deer Creek Baptist Church, officiating. Burial was in Carolina Cemetery.

Surviving are his wife, Mrs. Ira Williams, Sr., of Waco; four sons, Ira, Jr., of Cameron; Harold and George of Lott and Wilson of Waco; five daughters, Mrs. James Austin and Miss Elsie Williams of Ft. Worth, Miss Ruby, Miss Doris and Miss Patsy of Waco; three brothers, A. M. Williams of Lott; Rufus Williams, Aztell and Jesse Williams of San Antonio; five sisters, Mrs. J. C. Cohn, Chilton; Mrs. Alma Cohn, Marlin, Mrs. Leonard Milton of San Antonio, Mrs. Cowey Guess and Mrs. J. E. Cohn of Baytown and 4 grandchildren.

Pallbearers were Roy Cohn, Ray Williams, Kenneth Milton, Elmer Cohn, Charles Cohn and Leslie Cohn.

In The Service

Stephen Pond, son of Mr. and Mrs. Jack Pond of Cameron, Rt. 2 arrived in New York Sunday from a 3 year tour in Naples Italy.

He and his wife and 6 year old son David, are on their way to Texas for a visit with his parents, before settling down for three years in Washington D. C.

He is a communication Tech, I. with the U. S. Navy and has served in Japan and Korea. The Hawaiian and Alutian Islands, before going to Italy.

CAMP PENDLETON, Calif. (FHTNC) -- Serving at the Naval Dental Clinic, Marine Corps Base, Camp Pendleton, Calif., is Navy Dentist Lt. Walter J. Thomas, son of Mrs. Walter D. Thomas, son 3, Cameron.

Hunting, Fishing License For New Year Put In Mails

AUSTIN — Mail sacks containing approximately one and a half million hunting and fishing licenses are now being filled, to reach license dealers of Texas Monday, August 21. These will be the new hunting and fishing licenses for the 1961 - 62 season, which will become effective September 1.

September 1 is the date also for the opening of the dove season and the rail season in Texas.

The hunting license will sell for $3.15 and the fishing license for $2.15. A non - resident hunting license will cost $25, that entitles a person to hunt any of the wild game animals and wild game birds during open season. A non - resident may hunt migratory birds for 5 consecutive days with a $5 license. The $2.15 fishing license applies to both resident and non-resident.

A hunting license is not required of anyone under 17 or over 65 years of age outside the county of their residence. A license is required of anyone hunting deer or turkey. An exempt license may be obtained by persons under 17 or over 65 or by a person hunting on property on which he resides. A fishing license is required for all persons 17 years of age to 65 who fish outside their ome county or who use a rod andreel.

In addition to the licenses for sportsmen, some 30 other licenses are offered to cover trapping, netting and commercial fishing. Licenses may be purchased at practically all sporting goods stores, from the county clerk, game warden and many other locations where license dealers are available.

55 Hogs Sold At Market Assocation

The Central Texas Hog Marketing Association bought 55 hogs from nine producers in Milam County the past week.

There were 38 number ones and 17 number twos, bringing the top price of $19.00 per hundred.

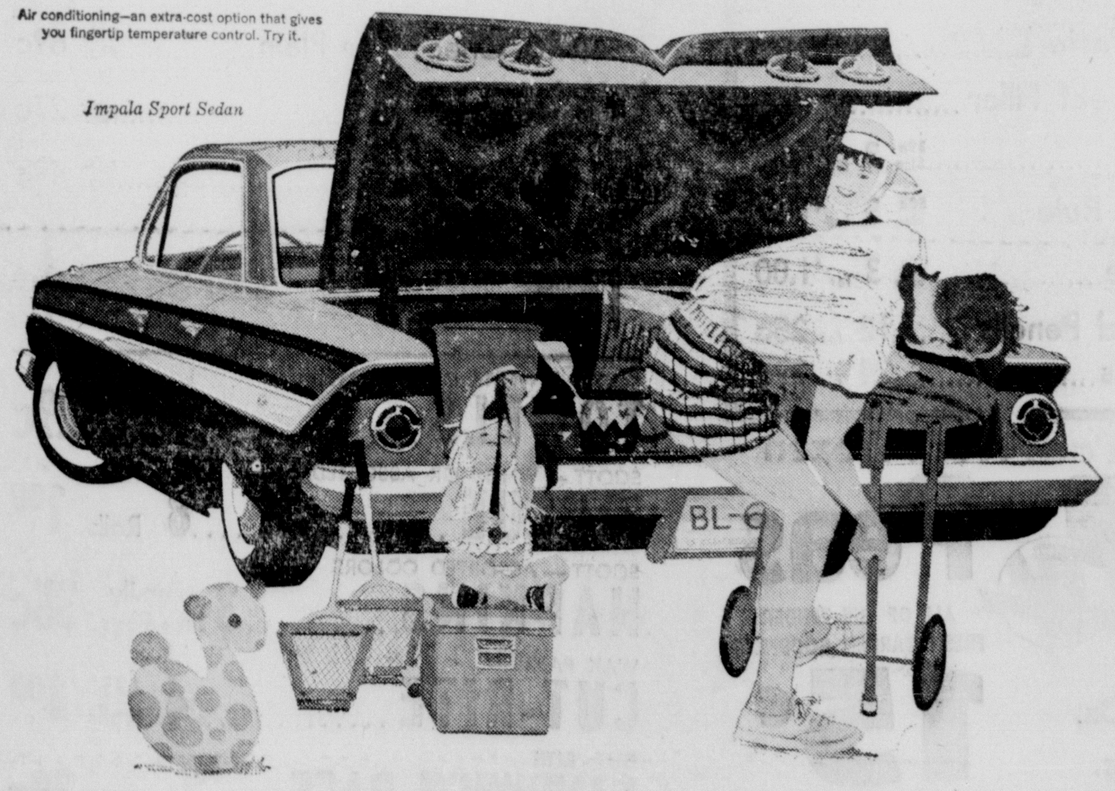
Impala Sport Sedan



The climate couldn't be better for buying a new JET-SMOOTH CHEVROLET

Just look how everything's goin' your way—beautiful weather, beautiful countryside and beautiful August savings that only the man who sells America's No. 1 car can come up with.

Whether you're hot for a convertible (ah, those elegant Impalas!), aching for a wagon (a purse-pleasing Brookwood, perhaps?) or hankering for anything in between, your Chevrolet dealer has just the right car at a just-right price. And every Chevy has a Jet-smooth ride, V8 vim or "6" savings, Body by Fisher craftsmanship and gear-gobbling luggage space. Top that off with what your dealer has for you in the price department, and you've got one sweet buy!

Summer savings on Corvairs, too!

Now's a cracking good time to come by a nimble new Corvair with its touch-and-turn steering, gentle going, clean stopping and dig-in traction. All aboard for end-of-the-season savings on the car that's no end of fun!

See the new Chevrolets at your local authorized Chevrolet dealer's One-Stop Shopping Center
